

# Hidden Treasures #2

## July 12-13, 2017

Wednesday, July 12, 2017

Hey all of you Miles of Smiles travelers, come and join us as we hunt up some hidden treasures right here in our great state of Wisconsin! This two-day tour departs central Wisconsin heading for the Sauk County

area, home to the cities of North Freedom, Baraboo, Wisconsin Dells and Rock Springs. We will be finding something fun to do in each of these cities. Our first stop is at **McDonald's** in Baraboo for our **included lunch** before heading to North Freedom. The **Mid-Continent Railway Museum and**

**Train** will be our next stop. All Aboard! Our scenic train ride will take us through the valley between the Baraboo Hills. Following the train ride, we will visit the museum and railroad yard to see the many railroad cars that have been restored from the early 1900s. Now we can cross North Freedom off of our list of cities as we now head for Rock Springs. In Rock Springs is the **Big Cat Rescue!** We will have a guided tour so

we can hear the stories that go along with each of these beautiful cats that call this place home. From Rock Springs, we head back to Baraboo for our **included dinner** at **Pizza Hut** and a very short drive to our hotel for check-in. Our overnight accommodations will be at the **Best Western Baraboo Inn**. There is time for one more

city yet today – we are off to Wisconsin Dells to the **Rick Wilcox Magic Show**. We will leave the show in awe as we watch cars appear on stage with a snap of a finger or a person disappear into thin air right before our very eyes! Will we be able to believe what we see? After a short ride, we are back at our hotel ready for a good night's sleep.

**Thursday, July 13, 2017**

Our day begins with an **included breakfast** at the hotel before heading for the **Circus World Museum** right here in Baraboo. We will be sure to take in the Big Top Circus this morning and also spend time looking at all of the beautiful circus wagons on display. If we have anyone that is brave enough to take a ride on an animal (cost not included), we have time for that as well. Our **included lunch** will be

here with the animals as well! By mid-afternoon our motorcoach will be waiting to take us for a short ride to **Dr. Evermor's Forevertron!** I am

sure you are wondering what in the world kind of place is this! It is a sculpture garden made up of fantastical machines that were built from salvaged factory parts by self-taught artist Dr. Evermor! The only thing to be said is "you have to see it to believe it!" Some may call it junk and others will call it art! After that very interesting stop it is time for us to begin our trip back home after managing to find all of these treasures in Sauk County. **Included dinner** tonight will be back in our territory at **Culver's** in Plover before returning back to our drop-off locations.

**Activity Level: Medium**
