Greetings from Seniors on the Move!

Our experience with Progressive Travel over the past 24 years has been fantastic! We've secured their transportation services for our 3 - 6 annual 'Seniors on the Move' trips and have never been disappointed.

The office staff is very accommodating with any requests we have had. The motor coaches have been second to none in cleanliness, quality and operations. Drivers are exceptionally courteous, helpful, and above all, execute safe driving skills.

We would recommend Progressive Travel to anyone needing a safe, reliable and professional enterprise to meet their needs. Stop looking and call Progressive Travel today!
