

Hidden Treasures #3

June 2 – 4, 2020

Come join us for three days of fun as we visit the great Lake Superior area!

Tuesday, June 2, 2020

Good morning! Let the Hidden Treasures #3 tour begin! We will depart central Wisconsin and head for the Northwoods stopping for **included lunch** stop in Rice Lake, WI. From there we continue on our northern path to Cable, WI, home of the **Cable Natural History Museum**. We will see a wide variety of mammal and bird mounts, not to mention bird nests, plants and all sorts of things that grow in the northern forest. Rumor has it that their special exhibit will be nocturnal animals so be sure to eat your carrots so you will be able to see in the dark. After visiting the museum, we will head to beautiful Ashland, WI. We will be doing a two-night stay at the **AmericInn** on the shores of Lake Superior! Let's learn a little about Ashland while enjoying a **Trolley Tour** this afternoon! With our stomachs growling it will be time for our **included dinner** at **New China**. After a busy day the AmericInn will look very inviting this evening!

Wednesday, June 3, 2020

Ahoy, matesy! After our **included breakfast** at our hotel we will board the motorcoach and head down the road to the town of Bayfield. In Bayfield we will board the boat that will take us sightseeing around the beautiful Apostle Islands. We will see lighthouses, sea caves, a fishing camp and beautiful rock formations carved from

nature. We will have our **included lunch** while we are sailing the greatest lake of them all - Superior. Once back on

shore we can take some time to visit some of the fun specialty shops that make up the quaint little town of Bayfield. Then off we go to **Hauser's Orchard** where we will tour a rustic barn that was actually ordered from the Sears catalogue and assembled by local carpenters. There will be flowers in bloom and a gift shop to visit as part of our orchard stop. We're not done yet, how about a visit to the **Les Voight Fish Hatchery**! After spending our morning on the water, we should be

able see some of the fish that makes their home in Lake Superior. From apples to fish and on to PIZZA at **Hugo's Pizza** for a delicious **included dinner**. Wow, what a day we have had – if you still have energy how about a dip in the hotel's indoor pool or relax outside, enjoying the beautiful view of Lake Superior?

Thursday, June 4, 2020

Time sure does fly when you are having fun but we have one more sight to see after our

included breakfast this morning before beginning our trek back home. That stop is at the **Wisconsin Concrete Park** in Phillips! Have you ever seen a horse or a dog made out of cement? Just about anything that you can think of we will be able to see made out of cement and decorated with many very unusual things!

Now, unfortunately all good things must come to an end as we back home with an **included lunch** stop on the way, arriving home late this afternoon.
