Greetings

Fellow Travelers

Another year of Miles of Smiles tours are ready for our happy travelers! Each year we gather all the Miles of Smiles staff and chaperones together to do some brainstorming. Part of the day we review tours that we have done in the past year and talk about the highs and lows of each tour from the previous year. We discuss the operational side of our tours to discuss if we are making their travel experience the best possible. We are continually thinking about how we are doing and how we can do better. The daily goal is to make sure that every one of our travelers depart on their tour and returns from their tour with a SMILE 😊 on their faces and with lots of good memories! With that said, enjoy our catalog of tours for 2024.

In the early 1980's we began transporting special needs adults to their work programs throughout Clark County and soon after expanded to Wood County and then Marathon County. We continue to do this type of transportation today. This has certainly helped lay the foundation of our Miles of Smiles Tours as they, like everyone else, like to earn money to be able to go on vacation. We take them to work each day and get to see many of them as they join us on our Miles of Smiles tours to places throughout the U.S. This has led to so many opportunities for growth in our companies. Recently the Wisconsin Special Olympics committee approached us to assist in transporting athletes and others to the state competition held each summer. We are honored to partner with such a great organization and look forward to meeting new athletes as well as seeing those that have traveled with us previously.

So, whether it be for work, play or competition we are pleased that you have chosen Progressive Travel and you have placed your trust in our Miles of Smiles Tours. We look forward to seeing you this year and beyond.

Sincerely,

Joe Burnett, President
